DEPARTMENT OF TEXTILE TECHNOLOGY

**VOL-5, ISSUE:2
JULY-DECEMBER 2025**

FROM THE DEAN'S DESK

We are happy to present yet another edition of newsletter from the department of textile technology. In the intervening period of 6 months from July to December 2024, the department has undertaken various academic activities that are crucial to the students learning and betterment.

All the students of current final year have undertaken internship during their 3rd year annual holidays at various industries and research institutions across the country. Kudos to the department faculties in helping the students getting these opportunities. This includes a few of our students visiting the University of Liberec at The Czech Republic. The third-year students have also been provided with a six-day Entrepreneur development on medical textiles provided by SITRA. The second-year students have visited Poomex Spinning mills for better understanding of Spinning technology.

In line with the Institute's objective of bringing more Scopus papers, five papers have been authored by the department faculty. Non-scopus papers have also been regularly brought out by the faculty. The department is committed to bring in more papers under Scopus purview.

Apart from the above, I am happy to note that our faculty have attended 15 workshops and FDP and made 7 visits as a resource person to various institutes. Seven guest lectures, and thirteen technical programs have been conducted. About 14 productive interactions were held with various industries by the faculty and some of them involved students too. Visits to TANCOIR, ICAR Sugarcane breeding institute, and Tamil Nadu Zari Limited are noteworthy. Consultancy continues to bring revenue and opportunity to serve students and dependent industries.

Student Association conducted many events including workshops. Their work is appreciable and the faculty coordinator. Students have done exceptionally well, and they received appreciation for the academic meritorious performances and showing their skills on Arts and Sports. Overall, a very satisfactory pass of period and we hope that this will be exceeded and bettered in the coming months with cooperation and focus from faculty, and technical staff and students.

Best Regards

A.Pavendhan
Associate Dean
Textile Cluster

FROM THE HOD'S DESK

Department of Textile Technology was started in the year 1995 with the objective of imparting comprehensive knowledge in all the faces of Textile Manufacture to students through UG & PG programmes. Professionally well-qualified, highly experienced faculty members and a well-equipped laboratory with modern facilities provide ample opportunity to the students to pursue their education with excellence. Students are provided with good industrial exposure taking full advantage of the college located in the Textile City, Coimbatore. The accreditation status has been awarded to the B. Tech Textile Technology undergraduate programme by the National Board of Accreditation, AICTE, New Delhi. On behalf of the staff and students, it is my pleasure to release the issue of TEXTILE NEWSLETTER, Volume. 5, Issue.2, bi-yearly publication of the Department of Textile Technology that showcases the faculty activities, student activities, research activities, alumni activities, and programs organized in the Department from July- December 2024. Its mission is to become a voice of the textile department, addressing faculty, industry persons and alumni, and other stakeholders of Textile Technology. Finally, I would like to express my appreciation to the faculty and students who contributed to getting ready this Newsletter. I hope you will enjoy reading these newsletters and know the department achievements, Vision and Mission, Programme Educational Objectives and Program Specific Outcomes, etc

Dr.V.Ramesh Babu
Head & Professor

7	Advancement in spinning prieparatory	1.Mr.Sathish .S , Customer support manager (Spinning Expert) 2. Mr.Arumugam, Customer Support Engineer,(Spinning Preparatory Expert)	LMW	09.09.2024

The Department of Textile Technology organized an engaging lecture session on 9th September 2024. The lecture was delivered by Mr. Sathish S., Training Head, and Mr. Arumugam, Manager, from Lakshmi Machine Works (LMW). The session focused on Spinning Preparatory Technologies, covering advancements and key features of modern spinning machinery.

The Department of Textile Technology, Kumaraguru College of Technology, organized a highly informative technical lecture session on 20th September 2024. The session was delivered by Dr. Vasanth Narayanan, Ph.D., from NanoSynTex, Inc., Texas, USA. The lecture topic, “Nonwoven Process Technologies and End-Use Applications”, attracted significant participation from students and faculty members.

Shri Rajeev Saxena, Joint Secretary, Ministry of Textiles, and the Mission Coordinator of National Technical Textiles Mission @ Viksit Bharat- International Conference on Technical Textiles for Sustainable Growth & Development @ New Delhi..on 6th and 7th September 2024.
