

Roche MoU Activities

Academic Year 2023-24

Roche Academic collaboration and Signing MoU on 24th August 2023:

Roche, a pharmaceutical company, collaborates with academia and other industry partners to share knowledge, foster innovation, and transfer technology or research findings between these different sectors. Such collaborations can involve joint research projects, sharing of resources, and the exchange of expertise to advance scientific understanding and develop new therapies or solutions.

Roche MoU Activities

Academic Year 2024-25
