Civil Engineering	As per the directions from AICTE vide their circular no 1-29/AICTE/CM/2025/PAP/VCS_Instt/DMP dated 12 <sup>th</sup> Nov 2025 a Non-credit mandatory course (equivalent to 2 credits) on “Disaster Management and Preparedness” will be offered to all UG students at the Institute by Department of Civil Engineering

After detailed deliberations, the council approved the above proposal.

#### **05. Approval of the BoS minutes, curriculum and syllabus of undergraduate and postgraduate programmes under R24**

Head, Autonomous invited the Chairperson of Faculty of Civil Engineering, Faculty of Mechanical Engineering, Faculty of Computer Science and Engineering and Information Technology Faculty of Electrical Engineering, Faculty of Electronics and Communication Engineering, Faculty of Technology, Faculty of Science and Humanities and Faculty of Management Sciences to present the BOS minutes and curriculum and syllabus for the undergraduate and postgraduate programmes under R24 and seek the approval from Academic Council members.

After detailed deliberations, the council approved the above proposal.

## **07. Feedback and Suggestions from Members and Experts**

### **1. Dr. W. Selvamurthy, President, ASTIF, Amity University**

Dr. W. Selvamurthy expressed his appreciation for the academic progress, achievements, and inclusive vision of Kumaraguru College of Technology. His key observations, suggestions, and clarifications are summarized below:

- Appreciated the systematic and diligent review process adopted by the Board of Studies, which facilitated smooth approval at the Academic Council level.
- Commended the institution's commitment to inclusive education through extensive scholarship support and acknowledged the sustained patronage of the management in infrastructure development, faculty recruitment, and research support.
- Congratulated the institution on achieving **NAAC accreditation with a CGPA of 3.62** and securing **QS rankings**, noting these as indicators of strong academic governance.
- Suggested strengthening **industry-on-campus models** by establishing industry-sponsored laboratories, particularly in **Automobile and Aerospace Engineering**, and recommended developing a **Research and Innovation Park** to enhance consultancy, sponsored research, internships, and placements.
- Emphasized the need to move beyond publications and patents towards **product development, prototypes, translational research, and Technology Readiness Level (TRL) mapping**, and recommended that future Academic Council presentations highlight these aspects.
- Recommended establishing and strengthening **incubation and start-up ecosystems** and appreciated the existing **FORGE Incubator** and its evolution into an accelerator with multiple centres across Tamil Nadu.
- Suggested future reviews include **quality metrics of publications**, such as Q1/Q2 journals, impact factors, and institutional h-index trends.
- Highlighted the importance of **alumni engagement** in curriculum feedback, internships, mentoring, and R&D investments, and appreciated the initiatives taken through the Global Alumni Meet and structured networking platforms.
- Enquired about student aspirational surveys and placement outcomes; clarification was provided that student aspirations are identified early and categorized into employment, higher education, and entrepreneurship, with training aligned accordingly.
- Suggested appointing **Professors of Practice** from industry, DRDO, and research organizations; it was clarified that such appointments have already been initiated in Management Studies and are being extended to engineering disciplines.
- Recommended enhancing **consultancy activities** through dedicated marketing and outreach efforts.
- Emphasized emerging areas such as **Quantum Technologies and Robotics and Autonomous Systems**, recommending introduction of minor tracks and establishment of specialized laboratories.
- Recommended inclusion of **Quantum Communication, Satellite-Based Communication, Underwater Communication, and Quantum Key Distribution (QKD)** in relevant programmes, which were accepted for consideration by the respective Boards.
- Appreciated student achievements through the **SSB selection process** and encouraged further strengthening of start-up initiatives.

### **2. Dr. G. B. Bhaskar, Professor, MIT Campus, Anna University, Chennai**

Dr. G. B. Bhaskar appreciated the research activities of the institution and expressed confidence that the institution is progressing towards attaining Technical University status. His observations and suggestions include:

- Enquired about the inclusion of tutorial hours in embedded courses in Civil Engineering; it was clarified that embedded courses do not include tutorial hours.
- Suggested that a **fractional credit system** could be explored in future curriculum revisions.
- Provided inputs on the **One Course One Company** concept, stating that:
  - One-credit theory courses with one lecture hour are appropriate.
  - Embedded courses should emphasize practical components more strongly.
- Emphasized the importance of ensuring that the **vision and mission of departments** are clearly understood by all stakeholders.
- Appreciated the introduction of **Sustainable Management** in the MBA programme.
- Suggested that **department-wise placement activities** be highlighted in future presentations.
- Recommended that details of **patents filed and granted** be explicitly presented in Academic Council meetings.

### 3. Dr. M. Krishnaveni, Professor, Anna University, Chennai

Dr. M. Krishnaveni appreciated the overall accomplishments of the institution and offered the following suggestions and clarifications:

- Suggested inclusion of **Drone Pilot Training** from the Aeronautical Engineering Department under FCLF courses.
- Enquired about **NPTEL courses and credit mapping**, and sought clarification on whether students who fail an NPTEL course could be permitted to enrol in an alternate NPTEL course to earn the required credit.
- Recommended inclusion of additional FCLF courses in Civil Engineering, such as:
  - Artificial Intelligence in Civil Engineering
  - 3D Printing
 It was clarified that these courses are already being offered and that AI has been integrated into the curriculum.
- Suggested inclusion of:
  - **Circular Economy** in the M.E. Environmental Engineering programme
  - **Underwater Communication** in the ECE programme
  - **Statistics and Probability** as a common course across all departments
- Expressed interest in understanding the institution's **product development initiatives**, and it was informed that details would be shared subsequently.

### 4. Dr. A. Arunaya Revathi, Professor, ACGCET, Karaikudi

Dr. A. Arunaya Revathi appreciated the teaching-learning innovations and research outputs of the institution and made the following observations:

- Enquired about the **cluster-based teaching and learning approach** in Mathematics; it was explained that real-world problem scenarios are used to enhance learning.
- Enquired about **Socio-Emotional Learning**; it was clarified that Holistic Wellness courses are offered in Semesters I and II, and emotional wellness is supported through a tie-up with **Your Dost**.
- Encouraged the institution to apply for the **Innovation Ranking**.
- Appreciated the number of **Scopus-indexed publications**, while noting that the number of SCI publications is comparatively lower; the institution reported around 140 SCI publications with expected growth.
- Highlighted consultancy activities in Civil Engineering and enquired about other departments; it was informed that EEE has undertaken energy audits, environmental audits, and green audits.
- Emphasized the importance of obtaining **student feedback for embedded courses**.
- Observed that embedded courses were well received and sought clarification on handling theory-integrated laboratory courses under R24.
- Emphasized that **tutorial hours play an important role** in problem-based courses.

**5. Mr. Shankar Subburathinam**

*Engineering Manager, Caterpillar – Industry Expert*

Mr. Shankar Subburathinam provided industry-oriented observations and suggestions:

- Emphasized the importance of active participation in the **ASM Student Chapter**, as discussed in earlier Academic Council meetings.
- Recommended inclusion of topics such as:
  - Magnets and magnet testing
  - Rare earth minerals
- Suggested opening institutional laboratory facilities to industry and pursuing accreditations such as **QCI, NABL, and ISO/IEC 17025**.
- Expressed willingness to offer **internships to two students**.
- Appreciated the Textile Board presentation and suggested extending **Lean Manufacturing** concepts to Mechanical Engineering.
- Appreciated the proposal for the **MBA Sustainability Management Programme**.
- Emphasized the importance of platforms such as the **Toastmasters Club** for student development.
- Suggested that courses related to **Diversity, Equity, and Inclusion (DEI)** be discussed and reconsidered.

**6. Dr. S. Gopinath**

*UST Global – Industry Expert*

Dr. S. Gopinath offered the following suggestions from an industry and technology perspective:

- Recommended that future presentations include details on:
  - Incubators
  - Intellectual Property and Patents
  - Revenue generation and commercialization aspects
- Suggested encouraging students and faculty to actively participate in **Technology Shows and Forums**.
- Recommended introducing **Sensor Technologies** as a minor specialization across departments.
- Suggested inclusion of **Supercomputing and Data Analytics Facilities** in Biotechnology programmes.

Chairman appreciated and thanked all the council members for their valuable feedback and suggestions.

**09. Vote of Thanks**

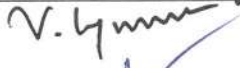

Dr.J. Vijay Prakash, Convener, ACM delivered the closing remarks by presenting the structure of the Academic Committee Meeting and deliberations thereof. He formally proposed the vote of thanks, expressing gratitude to all the members of the Academic Council for their valuable contributions and active participation. Special thanks were extended to the Chairman, Correspondent, President, and Principal of the institution for their continued support and vision. Appreciation was also conveyed to the nominees from Anna University, industry experts, and the President of Amity University for their insightful suggestions and presence, which enriched the discussions and outcomes of the 29th Academic Council Meeting.

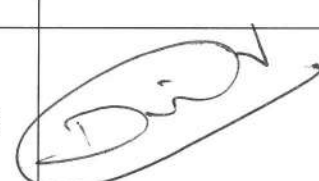

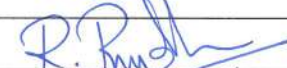

The meeting came to an end at 1.30 p.m.
